

# POST-SYMPOSIUM WORKSHOPS

MAY 26<sup>TH</sup>, 2025

LA&HA INSTITUTE, STEGNE 7, LJUBLJANA

## Radiant Results: Mastering Fotona Dynamis<sup>®</sup> Laser Treatments

Join Dr. Nicolas Rygaloff for a detailed demonstration of advanced facial rejuvenation techniques as he reveals the power of the Fotona4D<sup>®</sup> and HoneyComb<sup>®</sup> Lift protocols in tackling skin aging and enhancing facial aesthetics.

This exclusive workshop will be led by Dr. Nicolas Rygaloff, a seasoned aesthetic physician and internationally recognized expert in laser-based treatments. Participants will gain in-depth knowledge of advanced facial rejuvenation protocols, including the upgraded Fotona4D<sup>®</sup> procedure and the HoneyComb<sup>®</sup> Lift technique, which are designed to improve skin quality and reduce the appearance of acne scars.

Dr. Rygaloff, who holds advanced medical qualifications in anti-aging and cosmetic medicine from France, works extensively with multiple laser technologies in his private laser center. As an official Fotona Ambassador, he brings exceptional insight into clinical strategies that combine efficacy, precision, and safety.

### Workshop objectives include:

- **Parameter Mastery:** Understand the effects of different parameter settings and learn how to identify the ideal configuration for specific conditions.
- **Indications Overview:** Explore a broad range of indications for non-invasive laser facial treatments.
- **Scientific Insights:** Delve into the mechanisms behind laser rejuvenation and stay current with the latest clinical innovations.
- **Laser Excellence:** Learn to optimize patient results by leveraging the full potential of Fotona laser systems.
- **Interactive Session:** Join the discussion, exchange ideas, and gain practical takeaways from a true leader in laser aesthetics.

# Radiant Results: Mastering Fotona Dynamis® Laser Treatments

## Speakers

### Dr. Nicolas Rygaloff

*Nicolas Rygaloff received his medical degree from Paris V University, CHU Cochin in Port-Royal, France, and specialized in cosmetic medicine (Morphologic and Anti-Aging Medicine) at the Université Lyon II in France. He is currently an aesthetic physician working in private practice at a laser center, where he works regularly with multiple laser technologies (Nd:YAG, Er:YAG, Er:glass, and Q-Switched lasers) performing treatments for hair removal, skin rejuvenation, skin tightening, vascular and pigmented lesions, tattoo removal, and other dermatological, gynecological, and ENT disorders.*

*Dr. Rygaloff is also a consultant and trainer in Lasers and Aesthetic Medicine, as well as a Member of the French Group for Research and Innovation in Genital Restoration (GRIRG). He is fluent in Japanese and closely follows the Japanese aesthetic market. In 2024, he was awarded the title of official Fotona Ambassador.*
